

# Always

Capo 2

## Verse:

**G**

I have been wanted, I've been denied

**Em**

I have been wounded, I've been alright

**C**

**G**

But one thing stays the same

**G**

I have been longing, I've been satisfied

**Em**

I have wept when I had no tears to cry

**C**

**G**

But one thing stays the same

## Chorus:

**C**

**That's Your love always**

**G**

**It comforts me always**

**C**

**You never change always**

**G**

**You're everything always**

I've been the liar, I've been the truth

I've been on fire, been cold as ice too

But one thing stays the same

I have been open, I have been closed

I have walked backwards with nowhere to go

But one thing stays the same

## Bridge:

**C**

You love me as I am, O Lord

**Em**

You love me as I am

**C**

You're my closest friend, Lord

**Em**

You're my closest friend
