

# Hurricane

## Capo 2

### Verse:

**G**            **D**            **Em**        **C**  
Your wind, it bends the trees  
**G**                    **D**        **Em**        **C**  
Your waves crash over me  
**G**            **D**            **Em**        **C**  
So I don't mind the rain  
                  **G**            **D**        **Em**        **C**  
'Cause your joy's like a hurricane

### Chorus:

**G**            **D**  
Joy like a hurricane inside  
                  **Em**            **C**  
Washing away all the night  
                  **G**  
Joy like a hurricane  
                  **D**            **Em**        **C**  
Comes washing over me

When hope is all but gone  
And skies are dark and gray  
I can still see the dawn  
And find joy in the hurricane

**Joy like a hurricane inside**  
**Washing away all the night**  
**Joy like a hurricane**  
**Comes crashing over me**

**There will be no more goodbyes**  
**To the heavens we will fly**  
**Joy like a hurricane**  
**Comes washing over me**

### Bridge:

**Am**            **Em**  
You, You are hope  
                  **G**  
You are hope  
                  **D**  
We believe that

**Am**            **Em**  
in the wind and the waves

**G**  
You are God

**D**  
You're the one who saves
